Dear Customer,

October, 2010

Sub: Introduction of DELTA – Taiwan, Drive Motion Control Products.

We are pleased to introduce ourselves as the **Authorised Distributors** for the entire range of **DELTA Industrial Automation products**.

- ❖ As **DELTA** Authorized Distributors, We assure you of best possible Price and Delivery.
- ❖ We are an Excise registered manufacturing company to effect CENVAT, ARE1 & ARE3 transactions.
- ❖ If you are eligible for customs duty exemption, we can effect High-Sea sales for standard Products.
- ❖ We have a huge list of fast moving Products in our stock for catering to your urgent requirements.
- ❖ We have a fully equipped Sensor Lab with Vision Inspection System for Testing Customer Samples.
- ❖ We have a fully equipped Automation Training Center for Training Customers on PLCs, HMIs & Drives.
- ❖ We have an excellent Assembly Shop for System Integration of PLCs and HMIs with Panels and SCADA.
- ❖ We have an experienced Project Team for Instrumentation / Automation Jobs for Local / Overseas Clients.

The latest range of DELTA products and our associated activities include the following:

AC Motor Drives (VFD) Standard	0.25 HP to 300 HP, V/f Curve, Sensorless Vector Control, Field Oriented Control, Built-in MODBUS etc.
AC Motor Drives (VFD) Special	Lift Drives, Elevator Door Drives, Treadmill Drives, 25 W & 100 W Micro VFDs.
AC Servo Drive Systems	50 W to 7.5 KW Standard & Professional Series Servo Motors & Drives
Programmable Logic Controllers (PLC)	Block type & Slim Side Extn. type PLCs for Digital I/Os, Analog I/Os, Pulse I/Os, built-in MODBUS etc.
Human Machine Interface (HMI)	2 & 4 Line Text panels and 3.8" to 10.4" Touch Screen Mono & Colour STN / TFT Displays.
Temperature Controllers	Digital 48x24 to 96x96, Rack Mounted Modular with MODBUS communication, Recording Software etc.
Timers / Counters / Tachometers	3 in 1, 6 Digit 0.01 Sec. to 1 Hour Timer & 10 Kcps 1-Stage, 2-Stage, Batch, Total Counter etc.
Optical Encoders	Incremental, Absolute, Hollow Shaft, Servo Motor Commutation Type & CNC Spindle type Encoders upto 5000 PPR.
Power Supplies (SMPS)	Complete Range of 1 Phase & 3 Phase input types.
High Quality Brushless DC Motors	Elevator Door (250 W), HVAC (750 W) with Digital I/O and RS-485 & Custom-made Communications.
Networking Communication Modules	RS-232/422/485 Isolated Converters & Repeaters, DeviceNet to RS-485 CAN Open to RS-485, MODBUS TCP Gateway, Ethernet IP Gateway, USB 2.0 to RS-485 Communication Converter etc.
Delta Integrated Systems	Total Plant Automation & Networking.

Looking forward to the pleasure of receiving your valued enquiries.

Yours faithfully,

For **Intech Automation**
